A Practical Partner for Illinois Businesses

From pallet purchasing to end-of-life pallet recovery, USA Pallet & Warehousing Inc. helps businesses coordinate wood pallet and packaging needs through one point of contact. Tell us what you ship, how you store it, and what volume you expect so we can discuss suitable options.

NEW & RECYCLED WOOD PALLETS Options for everyday shipping and warehouse handling, including standard sizes such as 48 × 40 and other requirements based on your operation.	**CUSTOM, REPAIRED & REMANUFACTURED** Wood pallet solutions for specific load, size, and reuse needs. Availability and specifications can be confirmed with our team.
HEAT-TREATED PALLETS Heat-treated wood pallet options for applicable shipping requirements. Ask our team about ISPM 15 needs for your shipment.	**CRATES, CONTAINERS & WOOD PACKAGING** Wood shipping crates, boxes, and containers to help protect goods in transit and storage.
PALLET WAREHOUSING Pallet storage and handling support for businesses managing inventory, shipping, and changing space requirements.	**PALLET RECYCLING & REMOVAL** Arrange pickup or hauling for unwanted or damaged pallets and wood scraps, helping keep work areas organized and supporting reuse where practical.
